Warnings:

- Please use leak-proof branded (original) batteries for replacement, otherwise battery life will be lesser than expected.
- In order to replace the battery, the back cover has to be opened carefully. The circuit board inside the Sensor is ESD sensitive and hence needs to be handled accordingly. Check product webpage for more details.

One Year Limited Warranty:

WIZN Systems Private Limited ("eGlu") warrants this product (the "Product") against defects in materials and/or workmanship under normal use for a period of ONE (1) YEAR from the date of purchase by the original purchaser ("Warranty Period"). If a defect arises and a valid claim is received within the Warranty Period, then as your sole remedy (and eGlu's sole liability), eGlu will at its option either 1) repair the defect at no charge, using new or refurbished replacement parts, or 2) replace the Product with a new product that is functionally equivalent to the original, in each case within 30 days following receipt of the returned Product. A replacement product or part, assumes the remaining warranty of the original Product. When a Product or part is exchanged, any replacement item becomes your property and the replaced Product or part becomes eGlu's property.

Exclusions:

This warranty does not apply to: a) damage caused by failure to follow instructions relating to the Product's use or the installation of components; b) damage caused by accident, abuse, misuse, transport, neglect, fire, floods, earthquake or other external causes; c) damage caused by service performed by anyone who is not an authorized representative of eGlu; d) accessories used in conjunction with a covered Product; e) a Product or part that has been modified to alter functionality or capability; f) items intended to be periodically replaced by the purchaser during the normal life of the Product, including, without limitation, batteries, bulbs or cables, in each case as determined by eGlu.

Obtaining Service:

To obtain warranty service, visit support.myeglu.com to open a service request. Please be prepared to describe the Product that needs service and the nature of the problem. eGlu support will contact you within two working days to understand your problem and will provide you a Return Material Authorization Number ("RMA Number"). A purchase receipt is required for the service request. The Product must be securely packaged and shipped to the specified address along with the RMA Number and a copy of your purchase receipt. Any claim under this Limited Warranty must be submitted to eGlu before the end of the Warranty Period.

Quick User Guide

eGlu Door Sensor

Know your Door Sensor

Door Sensor helps in monitoring the opening and closing of the doors and windows. It also provides the real time state of the door/window on which it is installed. Apart from sensing door, it can also be used as a presence sensor or a remote button.

Install your Door Sensor

Door Sensor comes pre-installed with a CR2032 battery and requires installation of a magnet next to it to detect the opening and closing of the door. The Magnet should not be more than 1 cm away, when the door is closed and the dots on the Sensor and the Magnet should align as shown in the figure. After installing the Door Sensor go to the eGlu APP and tap the '+' button to add a device. Choose 'Door Sensor' from the list and follow the APP instructions.

Door Sensor Specifications

Power Source: One CR2032 Battery

Operating Temperature: 0°C to 45°C

Wireless Protocol: WiZn's Glu™

Dimensions: 40 x 40 x 10 mm

Weight: 15 grams

Color: White

Model No: EGDS01N

Safety Instructions

- eGlu products are designed for indoor use only. They are neither waterproof nor water resistant. Please do not use these products outdoors or near water. Do not expose them to dripping or splashing of water or any other type of liquid.
- Clean eGlu products only with a soft and dry cloth.
- Do not install eGlu products near heat sources such as stoves, radiators or any other appliances which generate heat.
- Only use attachments and accessories specified by the manufacturer.
- Read product usage guidelines and other instructions at www.myeglu.com/p/egds01n/.
